

Hydrofracking: What is all the fuss about?

The League of Women Voters of Colorado is studying the issue of Hydrofracturing for Oil, Gas and Methane and its impact on our community and state of Colorado.

Hear about the procedures for drilling rights, owner's rights, and extracting natural gas in Colorado, as well as the environmental impact, taxes and economic benefits and detriments.

**Thursday February 9, 2011
7:00 – 8:30 pm**

**First Christian Church
13th St. & 23rd Ave.**
